Projects

Weather Dashboard 🔗

- **Developed Weather Dashboard**, a responsive web app that displays **real-time weather data** using the **OpenWeatherMap API**.
- Implemented features like **city search**, **dynamic data rendering**, **error handling**, and a **clean, minimalist UI**.
- Strengthened skills in **JavaScript**, **API integration**, **asynchronous programming**, and **responsive design** using HTML, CSS, and vanilla JS.

Go Mall 🔗

- **Built Go Mall**, a modern e-commerce web app using **Next.js** with **Firebase Authentication** for secure user sign-up, login, and account management.
- Developed features like **dynamic product listings**, **real-time cart updates**, **personalized account pages**, and a **clean, responsive UI**.
- Strengthened skills in **Next.js**, **React**, and **modular JavaScript**, while gaining practical experience in **Firebase integration** and scalable code structure.

Skills

HTML5, CSS3, JavaScript (ES6+)
